

SATENDRA BAGHEL

IT / Full Stack Developer

Email: baghelsatendra524@gmail.com | Phone: +91 7581937175 | Location: India | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

IT student with strong skills in web development, programming, and databases. Currently interning at Sachiva Web and Security, working on live projects using React.js and Tailwind CSS. Proficient in RESTful API development, CRUD operations, and frontend optimization using React.js, Node.js, Express.js, and Next.js. Experienced in building responsive user interfaces, implementing secure authentication (JWT), and working with MySQL and MongoDB databases. Skilled in building data-driven interfaces with React Table and MUI (Material-UI) Table components. Strong understanding of MVC architecture and version control using Git. Focused on performance optimization, scalability, and clean code practices. Seeking an entry-level IT role to apply technical knowledge and grow professionally.

INTERNSHIP EXPERIENCE

Software Development Intern — Sachiva Web and Security

March 2026 – Present

- Working on live web development projects using React.js and Tailwind CSS
- Implementing responsive UI designs
- Collaborating with senior developers

Full Stack Developer Intern — PS Softech

September 2025 – February 2026 (6 Months)

- Worked as a Full Stack Developer building web applications using React.js, Next.js, Express.js, and Node.js
- Developed and maintained RESTful APIs and integrated MySQL and MongoDB databases for data storage and retrieval
- Built responsive, cross-browser user interfaces using HTML, CSS, and JavaScript
- Collaborated with the development team on debugging, code reviews, and deploying features across the MERN/Next.js stack

TECHNICAL SKILLS

Programming Languages: C, JavaScript

Web Technologies: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap

MERN Stack: React.js, Next.js, Node.js, Express.js

UI / Data Components: MUI (Material-UI) Table, React Table, Material Design

Database: MySQL, MongoDB

Concepts: CRUD Operations, RESTful APIs, JWT Authentication, Redux

Developer Tools: VS Code, Dev-C++, Git, GitHub

PROJECTS

Hunger Buddy — Full-Stack Marketplace Application

- Developed a full-stack marketplace application using React.js, Node.js, and Express.js
- Implemented RESTful APIs, authentication, and payment gateway integration
- Built responsive UI improving user engagement and usability

GitHub: github.com/satendra0097/HungryBuddy

Employee Management System — Node.js / Express

- Built dynamic web app using Node.js and Express with modular routing for employee/user management
- Implemented MVC architecture with EJS templating for dynamic view rendering
- Configured middleware (Morgan logging, body-parser, cookie-parser) and robust error handling (404 + global error handler)

Netflix Clone — Full-Stack Web Application

- Built Node.js, Express, and MySQL web app with user authentication and session management
- Developed admin panel with CRUD operations for movies, users, and content, including data tables for content management
- Used Multer for file uploads, EJS for dynamic UI, and UUID for unique IDs
- Configured middleware (logging, cookies) with robust error handling

Biography Website — React Application

- Built a responsive personal biography website using React with inline CSS styling
- Implemented interactive UI features including image overlays, view/download functionality, and smooth scroll navigation
- Designed mobile-responsive layout with grid-based content sections for biography, work, sports, and journey timeline
- Created dynamic components with React hooks (useState) for menu toggle and interactive elements
- Developed photo gallery with hover effects, modal view, and download options for timeline images

EDUCATION

B.Tech in Computer Science — ShriRam Group of College, RGPV University

Class 12th — Shri Govardhan School, MP Board

Class 10th — N.V.M School, MP Board

EXTRA-CURRICULAR

- MERN Stack Full Stack Development — Completed hands-on workshop (MongoDB, Express.js, React, Node.js)
- College Technical Workshops — Actively participated in web development and technology workshops
